COLOR INDICATOR

FEWER APPLICATIONS

MELTS TO -10° F

ICE BAN
The Facts

THE SCOTWOOD ADVANTAGE

- Order Tracking System
- Quickest Delivery In The Business
- National Production Network
- Quality Marketing Tools
- Strict Quality Control
- Private Labeling Available
- Knowledgeable Customer Service

Ice Ban is an organically based product which was introduced in the 90's to aid in the melting of snow and ice. This second generation patented de-icer has been engineered to address many of the problems associated with various ice melts.

With these concerns in mind we developed an effective, easy to see ice melter that is also:

- *Friendlier On The Environment*
- *Less Corrosive* ● *Biodegradable* ● *Fast Acting*
- *Composed Of Natural Ingredients*

When the effectiveness of many products stop (as seen in the chart on the right), Green Scapes continues working.
