

SPLASH ALGAECIDE 5.0 SPEC SHEET

Utikem Splash Algaecide 5.0 is highly concentrated algae growth suppressant. It eliminates and prevents odors in all types and sizes of pools. Splash Algaecide 5.0 is compatible with alkalizing and flocculating agents normally used in swimming pools. In its use dilutions, it is non-corrosive to rubber and metals and can be used with all types of filters. Works most effectively at pH levels over 7.0.

COMPOSITION

Active Ingredients:

N-Alkyl (60% C14, 30% C16, 5% C12, 5% C18) Dialkyl Benzyl Ammonium Chloride.....		4.98%
N-Dialkyl (60% C14, 30% C16, 5% C12, 5% C18) methyl Benzyl Ammonium Chloride.....		0.02%
Other Ingredients.....		95.00%
TOTAL		100.00%

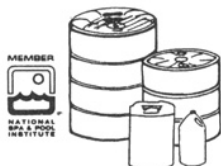

PROPERTIES

Color.....	Light Blue
Physical Appearance.....	Clear Liquid
Odor.....	Mild, Aromatic
pH At Recommended Use Dilution.....	7.4
Density.....	8.4 lbs./gal.
Specific Gravity.....	1.012
Algaecide Action.....	Complete kill of all algae types including Green algae (chlorella pyrenoidosa), square D algae (phormidium retzii), blue-green algae (lyngba versicolor) and black algae phormidium inundatum).
Total Activities.....	5.0%

DIRECTIONS FOR USE

REGULAR CARE: To maintain water clarity and freshness, and control algal slime, use the following dilutions in the chart below:

POOL CAPACITY	INITIAL DOSE	MAINTENANCE DOSE
500 gal.	3 oz.	1 oz.
850 gal.	5 oz.	1 ¼ oz.
1,200 gal.	6 oz.	1 ½ oz.
3,000 gal.	15 oz.	3 ¾ oz.
5,300 gal.	27 oz.	6 ¾ oz.
7,500 gal.	1 qt. 7 oz.	9 ¾ oz.
9,400 gal.	1 qt. 1 pt.	12 oz.
13,500 gal.	2 qts. 8 oz.	18 oz.
18,000 gal.	2 qts. 28 oz.	23 oz.
25,000 gal.	1 gal.	1 qt.

Sodium Hypochlorite - Muriatic Acid
 ONE GALLON - 2 1/2 GALLON - 5 GALLON
 15 GALLON - 55 GALLON - BULK

Bagged Products

Diatomaceous Earth	Aluminum Sulfate
Calcium Chloride	Soda Ash Briquettes
Light Soda Ash	Sodium Bisulfate
Sodium Bicarbonate	Sodium Thiosulfate

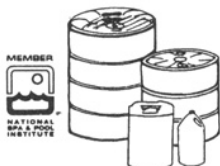

Use initial does when filling the pool at beginning of swimming season. If visible algae is present after initial application, vacuum pool after 24 hours to remove algae debris. If visible algae is still present or should reappear, repeat treatment procedure as necessary. When pool is free of visible algae, proceed to use the recommended maintenance dose at 3 to 5 day intervals. During hot, sunny weather and/or heavy bather loads, more frequent additions may be necessary.

NOTE: Add Splash Algaecide 5.0 directly to pool water. Never mix pool chemicals together. Always add them separately. Read product label for precautions and first aid treatment before use.
